

MOBILE GRAPHICS DESIGNER (UI/UX)@ STUDIO MOSAIC

ABOUT THE JOB

Looking for a graphics designer (UI/UX) having 1 to 3 years experience in designing mobile apps, social media creatives and FB advertising banners.

The ideal candidate should be self-driven, comfortable to work independently in a start up and should be extremely passionate about design. You should be aware of the global design guidelines for iOS and Android and should also be checking out the latest app design trends and innovations on Apple App Store and Google Play Store to stay ahead of the game.

We will provide the perfect environment, guidance and assistance for you to grow, learn and hone your design skills.

Desired Experience –

- 1 to 3 years of formal industry/professional experience as a mobile designer
- Solid portfolio demonstrating mobile savvy designs
- Good eye for aesthetics: colour, layout, user interface and user experience
- Strong understanding of the possibilities and limitations of mobile platforms i.e iOS and Android
- Candidate must absolutely be in sync with recent design standards and trends, especially the iOS and Android design guidelines

Desired Personal Profile -

- Self-starter, with ability to collaborate well with a cross-functional 4 member team
- Work creatively and efficiently with deadlines
- Ability to deal with ambiguity and change
- Well-read and knowledgeable about global design innovation

Your responsibilities will include -

- Designing iOS and Android mobile apps
- Designing app icon and app store screenshots
- Designing Social Media Creatives (FB/Google ad banners)
- Designing landing pages and microsites for apps

CTC – Up to 5 lacs per annum, depending on experience
